Project Title: Call Me By Your Name

Creative Director: Rita | Designer: Christine

Home Page:

- Overall really nice design treatment and color use
- I wish the right aligned text box was bigger so the bottom of the text matches the bottom of the image next to it
- There is something off about the cast section
 - I think the circle for the cast might not work well in the larger scale
 - Try forgoing circles and just doing rectangles
 - Is it possible to put the “As ...” section under the actor’s names

Other:

- I really like the stamp, is it possible to include that graphic in other pages
